

ASSET Y-1642X Tramco Drag Conveyor Parts

The following drag conveyors were purchased, dismantled, and shipped to the laydown yard. They are still in pieces. There is no guarantee that all the following are still there but there is excellent value in these conveyor pieces (to make sections in whatever length you desire) - already disassembled and ready to load. We have more detail and photos of each asset [before it was dis-assembled]. We will sell by "by the foot" for whatever you put together.

ID	Size	Maker	Capacity
Y-5101	24" x 20" - 46 ft long	Tramco	7500 cu ft/hr
