

Your **definitive** source
for quality pre-owned
equipment.

Artisan Technology Group

(217) 352-9330 | sales@artisanng.com | artisanng.com

Full-service, independent repair center

with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment

along with credit for buybacks and trade-ins.

Custom engineering

so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

Precision Economy Incubator

The Precision Economy incubators provide the full featured performance you need for most incubation applications at an extremely competitive price.

Product Detail

Precision Economy Incubators combine a wide temperature range with excellent temperature sensitivity, stability, and uniformity.

They are available in five different models, mechanical or gravity convection, with capacities from 1.4 cu.ft. (40L) to 4.5 cu.ft (129L).

Precision Economy incubators all feature corrosion resistant stainless steel interiors, easy to clean, non tip shelving and tough powder coated exteriors. Two shelves are included with the unit with a maximum of up to 10 shelves for larger unit.

They are also designed to help you conserve precious bench space and they are ready to go upon delivery: just unpack and plug it in! No calibration is required for these incubators.

FEATURES:

Broad temperature range and excellent performance:

Economy incubators are built to accommodate most applications from Ambient +5°C to 65°C with a choice of gravity or mechanical convection.

They are designed to provide excellent temperature control for reproducibility of your protocol with hydraulic or electronic temperature control and temperature displayed on thermometer.

Bench Space saving:

Their small footprint is combined with a large sample capacity to save bench space in the laboratory.

Time saving:

Economy Incubators are simple to maintain to save time and facilitate GLP with a stainless steel interior and a standard inner glass door to view the sample

Specifications:

Temperature range:	Ambient +5°C to 65°C
Temperature control:	Electronic (except model 2EG with hydraulic control)
Temperature display:	0 to 100°C Thermometer
Temperature uniformity @37°C:	2EG : +1.5°C 3EG & 5EG : + 1.0°C 3EM & 5EM : + 0.75°C
Temperature stability:	+ 0.5°C

Precision Economy Incubator

Product#	Model	Capacity Cu.ft./L	Voltage
51221085	2EG	1.4 / 40	120V-60Hz
51221086	2EG	1.4 / 40	230V-50/60Hz
51221087	3EG	2.5/71.5	120V-60Hz
51221088	3EG	2.5/71.5	230V-50/60Hz
51221089	5EG	4.5/129	120V-60Hz
51221091	5EG	4.5/129	230V-50/60Hz
51221092	3EM	2.5/71.5	230V-50/60Hz
51221093	5EM	4.5/129	120V-60Hz
51221094	5EM	4.5/129	230V-50/60Hz

without disturbing the inner atmosphere.

Safety included:

Economy incubators feature a Class 2 adjustable safety thermostat in order to protect the environment: in case of over-temperature the power will be cut out to prevent heaters from overheating.

***** All models are UL and c-UL listed, available in 120V and 230V.***

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
