Biolin Scientific Attension Sigma 700 Force Tensiometer

October 2026

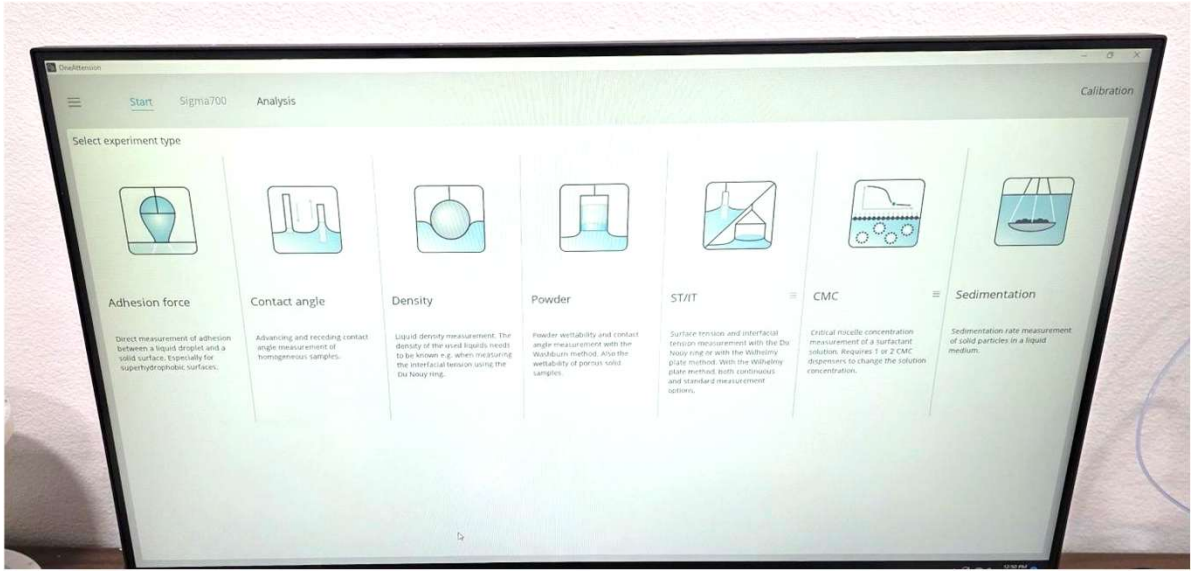

Item list

- Attension Sigma 700 Force Tensiometer (2022)
- Julabo 200F recirculating heater/chiller
- Platinum Wilhelmy plate
- Sample holder for plates
- Piston burettes (2)
  - Titronic® 300
- Sensorex pH electrode
  - Model S100C/BNC

Capabilities

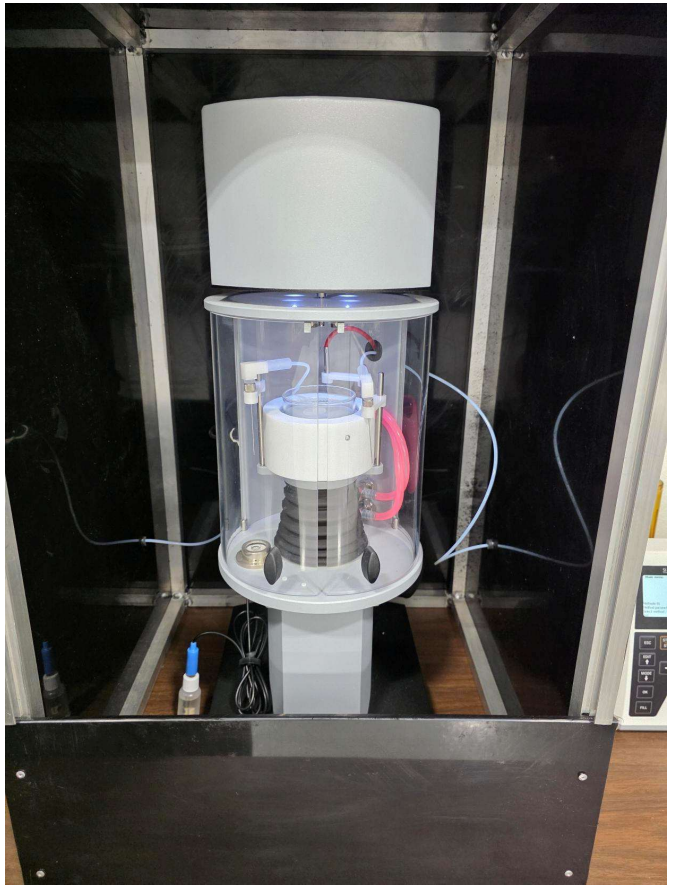

- Temperature control
- Automated measurements
- Contact angle
- Density
- Powder
- Surface tension
- Interfacial tension
- Critical micelle concentration (CMC)
- Sedimentation

Attension Sigma 700

- Automated force tensiometer
  - Model: Attension Sigma 700
  - SN: 70294
  - Year: 2022

Julabo 200F Recirculating Heater

- Model: 200F
- Model: CORIO CD
- SN: 10432212

Platinum Wilhelmy Plate

- Biolin Scientific
  - KSP000108142
  - Wetted length: 30.24 mm

Sample Holder for Plates

- Biolin Scientific
  - T109RF
  - KSP000108147

Sensorex pH electrode

- Model: S100C/BNC

Piston burettes (2)

- SI Analytics
  - Titronic® 300
