

## COMPONENTS

MHGF12000 Gas Skid Package Includes:

- 88" x 104" welded steel base with 2" drip edge.
- LeROI MHGF12000HIPS Module
  - o 127.5 mm Compressor
  - o Oil pump
  - o Oil cooler
  - o Gas aftercooler
  - o Cooling fan
  - o Gas/oil separator
- 40 HP TEFC 230/460V 60Hz Motor.
- Belt drive w/ guard.
- Inlet scrubber – includes
  - o Inlet filter
  - o Blow case
  - o Automatic condensate drain
  - o Option to heat blow case
- Starter/control panel with shutdowns for:
  - o Compressor low oil level
  - o Compressor low oil pressure
  - o Compressor high temperature
  - o Compressor oil filter high differential pressure
  - o Scrubber high liquid level
  - o Scrubber low suction pressure
  - o Scrubber high suction pressure
  - o High discharge pressure
  - o High discharge temperature
- All plumbing and electrical wiring.
- All drains and piping connections to edge of skid.
